Sheriff Gibson, of Butler county, Pa., on Saturday seized the county treasury to satisfy two judgments aggregating \$448.738.

Dr. M. Radigniet died in Paris Friday from the effects of experiments on himself with Roentgen rays in the interests of medical science.

The Pope has abolished the practice of former pontiffs in holding a collective reception of members of the Sacred College for the exchange of Christmas greetings.

Premier Rouvier is developing as a dark horse in the contest for president of France. The National Assembly meets January 18 to elect a successor to President Loubet.

There is a rumor that the government is sending infantry and artillery to the Philippines so as to be prepared to hurry them to China in the event of another anti-foreign outbreak.

Inventor Holland, of submarine boat fame, says he has invented a simple mechanism by which men and women will be soaring in the skies within a year with not as much effort as required in walking.

James E. Martin, prominent in New York society, was instantly killed Saturday near Flushing, Long Island, when his automobile plowed into a strip of loose dirt on the side of the road and turned completely over. Stacy Clark, who was also in the car, was seriously injured.

At Fairmont, W. Va., on Saturday the jury which heard the case of Mrs. Helen May Payton Wright, charged with the murder of her former husband, Jacob N. Payton, at Mannington, W. Va., last July, reported that there was no possibility of their agreeing upon a verdict and were discharged.

An association for the promotion of laughter has just been formed by a group of professors and students attached to the medical faculty of a university in Paris. The members have drafted a circular, which they propose to address to the various universities, colleges and academies of France, calling attention to the fact that Frenchmen are gradually losing the art of laughter and becoming a taciturn and morose people.

Dying of Famine

is, in its torments, like dying of consumption. The progress of consumption, from beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers, of Carroll, Md., "after trying different medicines and a good doctor in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for colds, coughs, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at E. S. Leadbeater & Sons' drug store, price 50c and \$1.00 a bottle. Trial bottle free.

Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Iowa. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip."

It is a good plan to take a dose of the Tablets when you have a cold. They promote a healthy action of the bowels, liver and kidneys which is always beneficial when the system is congested by a cold or attack of the grip. For sale by Gibson & Timberman and W. F. Creighton & Co.

Give Your Stomach Rest.

Nothing will cure indigestion that doesn't digest the food, itself, and give the stomach rest. You can't expect that a weak stomach will regain its strength and get well when it is compelled to do the full work that a sound stomach should do. You wouldn't expect a sick horse to get well when it is compelled to do a full day's work every day of the week. Kodol Dyspepsia Cure is a perfect digestant and digests the food regardless of the condition of your stomach. Relieves Indigestion, Belching, Sour Stomach, and all stomach disorders. Sold by W. F. Creighton & Co., 401 King Street.
